SAFETY INSTRUCTIONS

- Read all installation, safety and maintenance instructions completely before operating this equipment.
- Keep all personnel clear of moving parts while scraper is being operated.
- Lower the scraper blade to full down position, apply emergency brake and stop engine before leaving the vehicle to inspect scraper.
- Do not operate truck in reverse with scraper blade in down position!
- Do not operate a scraper in need of maintenance! Repair immediately!
- While operating this equipment use common sense, use caution, be alert and be safety-conscious.
- Do not disconnect hydraulic hoses/fittings with scraper blade in raised position unless properly blocked up.

CYLINDER OPERATING SAFETY PROCEDURES

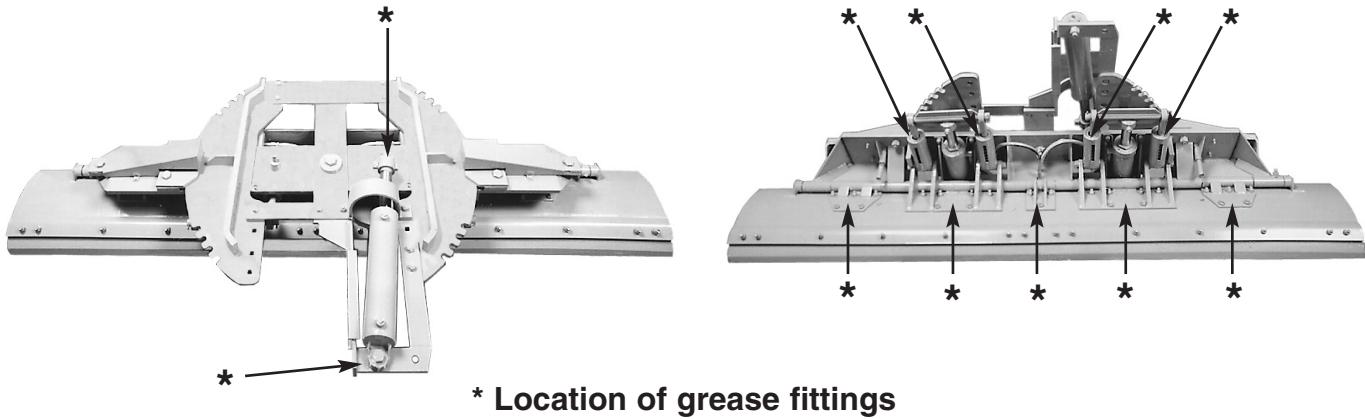

- ✓ Operating pressure on the **down side** of the curl or raise/lower cylinders should not exceed 400 psi. The relief valve we furnish is factory preset. It must be installed on the down side of all scrapers. **Changing the pressure may cause damage to the cylinder, possible injury, and will void the warranty.**
- ✓ System pressure should not exceed 1000 psi for the power reverse cylinder(s) or 1850 psi for the upside of the curl cylinders. High pressure systems require additional relief valves (not furnished). **Exceeding these pressures may cause damage to the cylinder, possible injury, and will void the warranty.**

MAINTENANCE INSTRUCTIONS

In Season:

- Check for loose bolts and nuts daily, and re-torque before use. (Failure to inspect equipment on a daily basis may seriously affect safety and/or efficiency.)
- Lubricate all grease fittings every ten hours of normal use and more frequently under heavy use. (See diagram below for locations.)
- Check all hydraulic fittings for tightness on a regular basis.
- Check cutting edge for wear. Do not let cutting edge wear closer than $\frac{1}{2}$ " to $\frac{3}{8}$ " from moldboard.
- Due to the nature of use and environment this scraper is operating in, damage and wear may occur at anytime. Therefore, **Monroe Truck Equipment** recommends the end user establish and follow a daily inspection routine before using this scraper.

Off Season: *(If Applicable)*

- Use care when disconnecting hydraulic lines to assure that no dirt or foreign objects enter the hydraulic system. Use caps to cover hydraulic hose fittings and insert plugs into hydraulic ports.
- Hydraulic cylinders should be fully retracted when stored during the off season to prevent damage or corrosion. The remaining exposed shaft surface should be coated with a thick grease to prevent corrosion, which must be removed before returning to regular service.
- Check mounting bolts for wear and/or damaged threads and replace before re-mounting.

INSTALLATION INSTRUCTIONS

NOTICE: This "Safety Check" ✓ symbol is a reminder to follow all safety messages and precautions involved when installing or operating the MS44 Scraper. It means to be **CAREFUL, ALERT** and **SAFETY CONSCIOUS!!!**

1. Clear the truck frame for mounting space necessary for scraper. You will need 24" of ground clearance for the entire area where the moldboard travels, and 3" clearance above the circle.
2. **FOR 2-PIECE CIRCLE ONLY** - Take the left-hand and right-hand circle pieces (A,B) and lay them out with flat side on a level floor. (The front of the circle is the end with two holes.) Put the "T" bar (C) in between the two circle assemblies, making sure the leg with the big hole is level on the floor with the circle assemblies. That puts the other leg of the "T" on top of the circle assemblies. Put four of the flat head bolts through the holes, so the head is on the bottom of the circle assemblies (D). **DO NOT TIGHTEN YET.**

At this point, choose which side the power reverse cylinder fits into best. If both sides are open it is best to mount cylinder on the same side it discharges to. Install the circle crossbar (E) (Manual Reverse uses a flat piece of metal, Power Reverse has a semi-circle in one end). The radius points up and goes on the same side as the reverse cylinder. All the bolts for attaching the "T" bar on the circle assemblies must be flat head bolts (F). Measure holes across and diagonally to check for squareness and level accuracy - **TIGHTEN BOLTS.**

Power Reverse, Single Cylinder Assembly

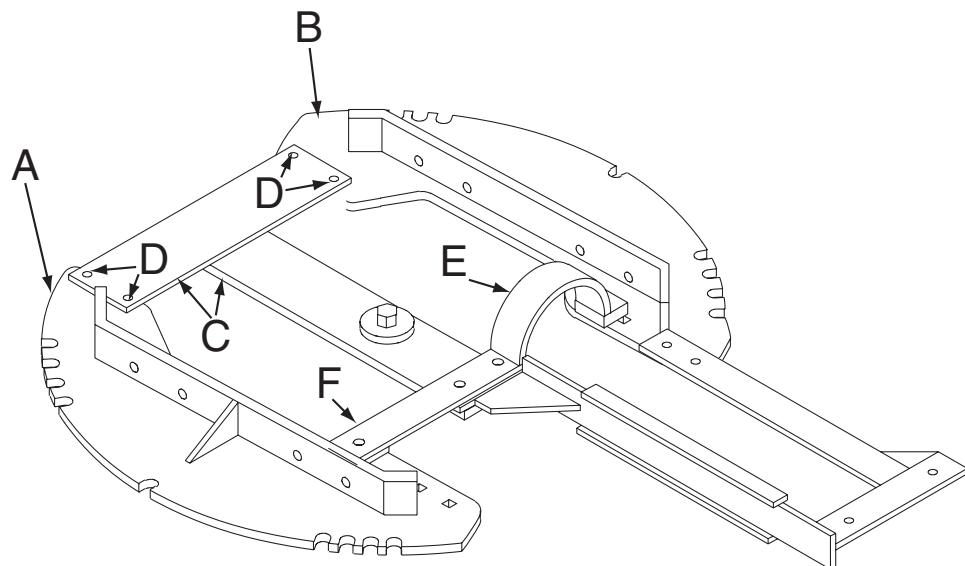

Figure 1

INSTALLATION INSTRUCTIONS

3. Slide the assembled circle under the truck and raise it into position. The distance from the bottom of the circle assembly to the ground should be approximately 20" (Figure 2). Be sure to square it off the truck frame, not the ground, as some truck frames are not parallel to the ground. **✓ Stay clear of area beneath circle until it is safely and securely supported. Use Caution!**
4. Move the circle hanger brackets into position. *Note:* The mounting brackets on the circle assembly for the hanger brackets are spaced at 34". Any frame width more than 34" will require the shims we provide. These shims are to be installed between the mounting bracket on the circle assembly and the hanger brackets (Figure 3). Shim equally on both sides.
5. Bolt the hanger brackets (and shims if needed) onto the circle mounting bracket.
6. Locate the hanger brackets on the truck frame in the proper position for the length of the moldboard you have (Figure 4). Clamp the hanger brackets in place.
7. Check all measurements to make sure scraper is located correctly. *Note:* Be sure to square circle assembly off the frame and not off the ground!
8. Drill (6-8) $1\frac{3}{16}$ " diameter holes through each side of the truck frame and hanger brackets and bolt the circle hangers into place with $\frac{3}{4} \times 3\frac{1}{2}$ bolts, top lock nuts & washers included in mounting kit.
9. Raise the hangerboard/moldboard assembly into place. Bolt the circle hold down weldments in place, and install the center bolt. Tighten the center bolt until the hangerboard/ moldboard assembly pivots freely through its entire arc. Install the cotter pin through the slotted nut. Warning: It is very important that the hangerboard/ moldboard assembly pivots freely through its entire arc. If everything is mounted level and square, this is easily achieved. If there is a slight problem, a small amount of adjustment in most bolt holes is available. **✓ Stay clear of area beneath hangerboard/moldboard assembly until it is safely and securely supported. Use Caution!**
10. After everything is installed and adjusted so that the hangerboard/moldboard assembly pivots freely, install the reversing cylinder(s) and plumb (Figure 4). Fasten the rear portion of the cylinder support bracket to the frame or a cross-member. (2 straps and a gusset, tack-welded together, are furnished.) Install the cylinder support bracket so the short leg is between the cylinder and the circle, with the bolt going through the hole.

The proper valve for the power angle cylinder is a three position, four-way valve, which requires a hold position in neutral. A single reversing cylinder would require a manual pin lock kit, spring lock kit, or hydraulic lock kit to hold the scraper in the angled position and relieve the reversing cylinder of additional stress. The valve for the curl or blade lift is also a three position, four-way.

INSTALLATION DIAGRAMS

Figure 2

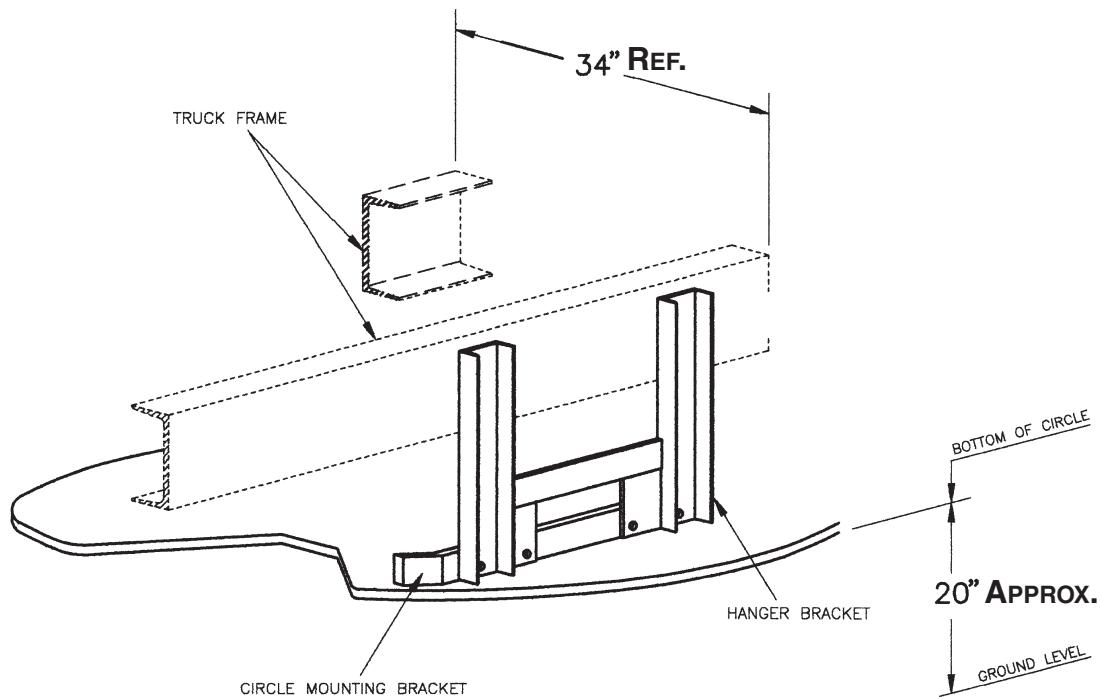

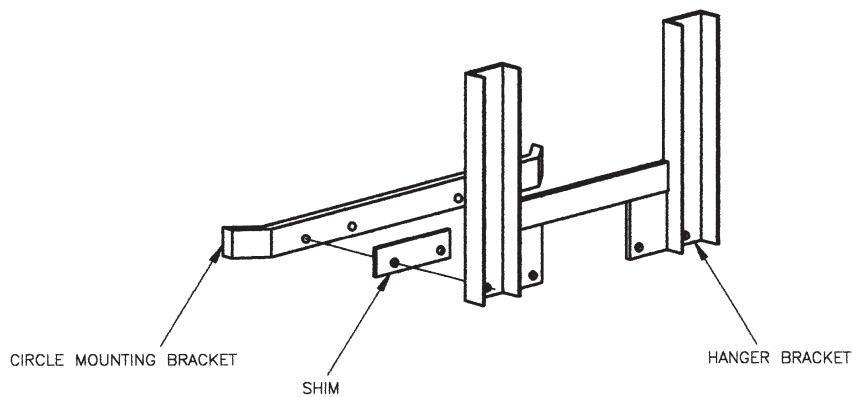

Figure 3

INSTALLATION DIAGRAMS

Figure 4

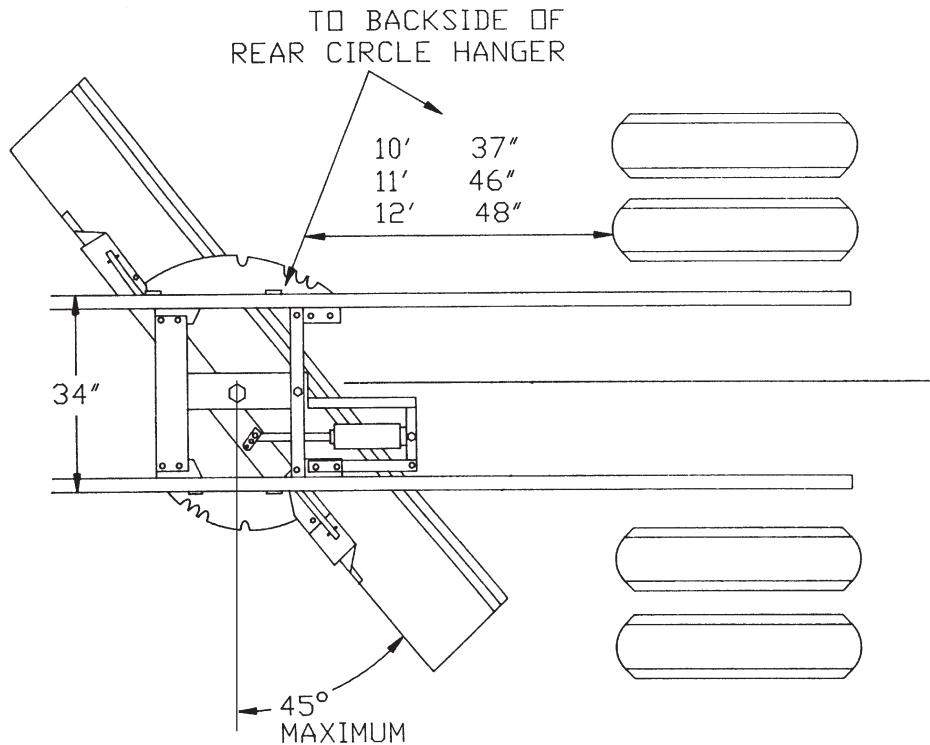

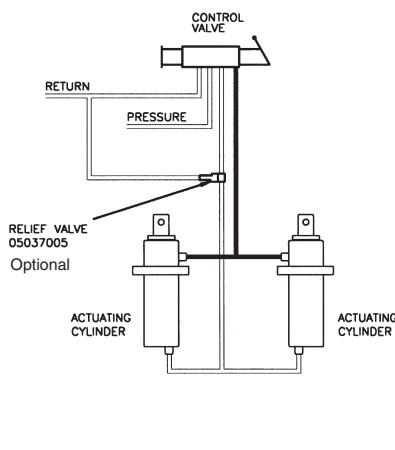

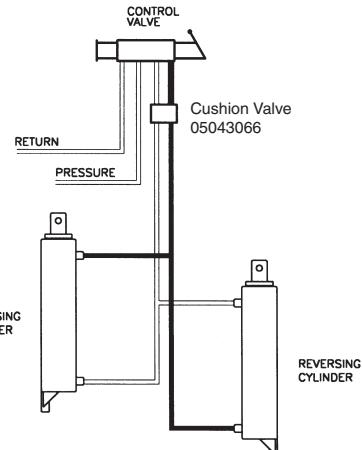

Figure 5

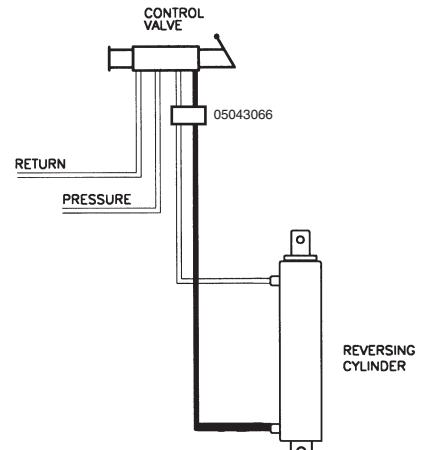

These mounting instructions are intended as a guide to aid you in the installation of your **Monroe Scraper**. All dimensions noted in the instructions are approximate and may vary due to: make and model of chassis, tire size, type of suspension, spring deflection, customer preference, and interference caused by immovable attachments such as a transfer case. Ideally, the scraper should be mounted to get full usage of the cutting edge without wearing into the moldboard. **Monroe Truck Equipment** assumes no responsibility for improper installation, unless installed at a **Monroe Truck Equipment** location. Mounting location should be discussed by the end-user and the installer prior to installation in order to achieve the best possible installation.

ACTUATING CYLINDERS

2 REVERSING CYLINDERS

1 REVERSING CYLINDER

INSTALLATION INSTRUCTIONS

Operate all the functions on the scraper, check for oil leaks. **✓ Stay clear of area beneath and near hangerboard/moldboard assembly while performing these operating tests. Use Caution!**

CYLINDER OPERATING SAFETY PROCEDURES

- ✓ Operating pressure on the **down side** of the curl or raise/lower cylinders should not exceed 400 psi. The relief valve we furnish is factory preset. It must be installed on the down side of all scrapers. **Changing the pressure may cause damage to the cylinder, possible injury, and will void the warranty.**
- ✓ System pressure should not exceed 1000 psi for the power reverse cylinder(s) or 1850 psi for the upside of the curl cylinders. High pressure systems require additional relief valves (not furnished). **Exceeding these pressures may cause damage to the cylinder, possible injury, and will void the warranty.**

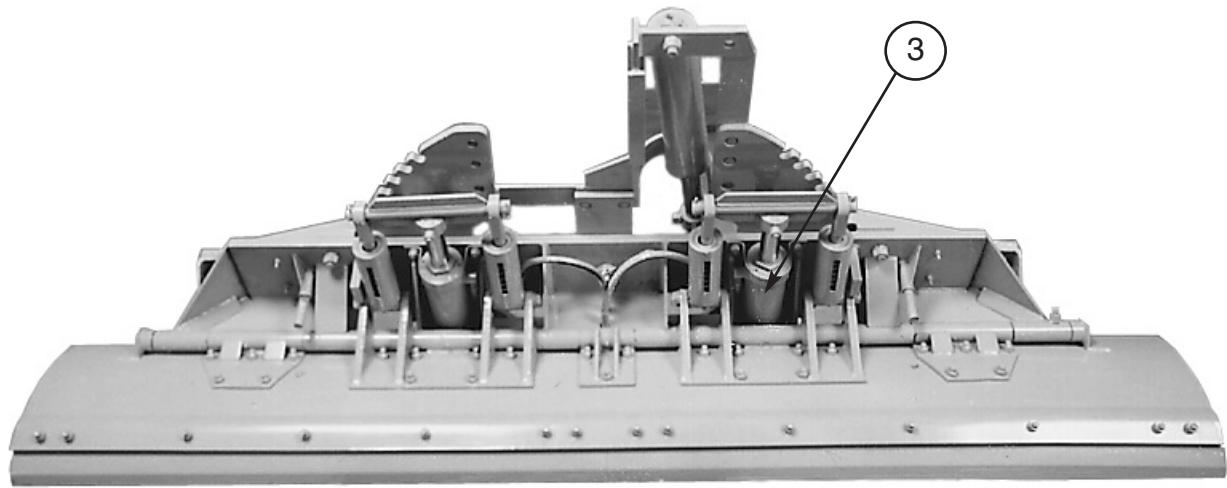

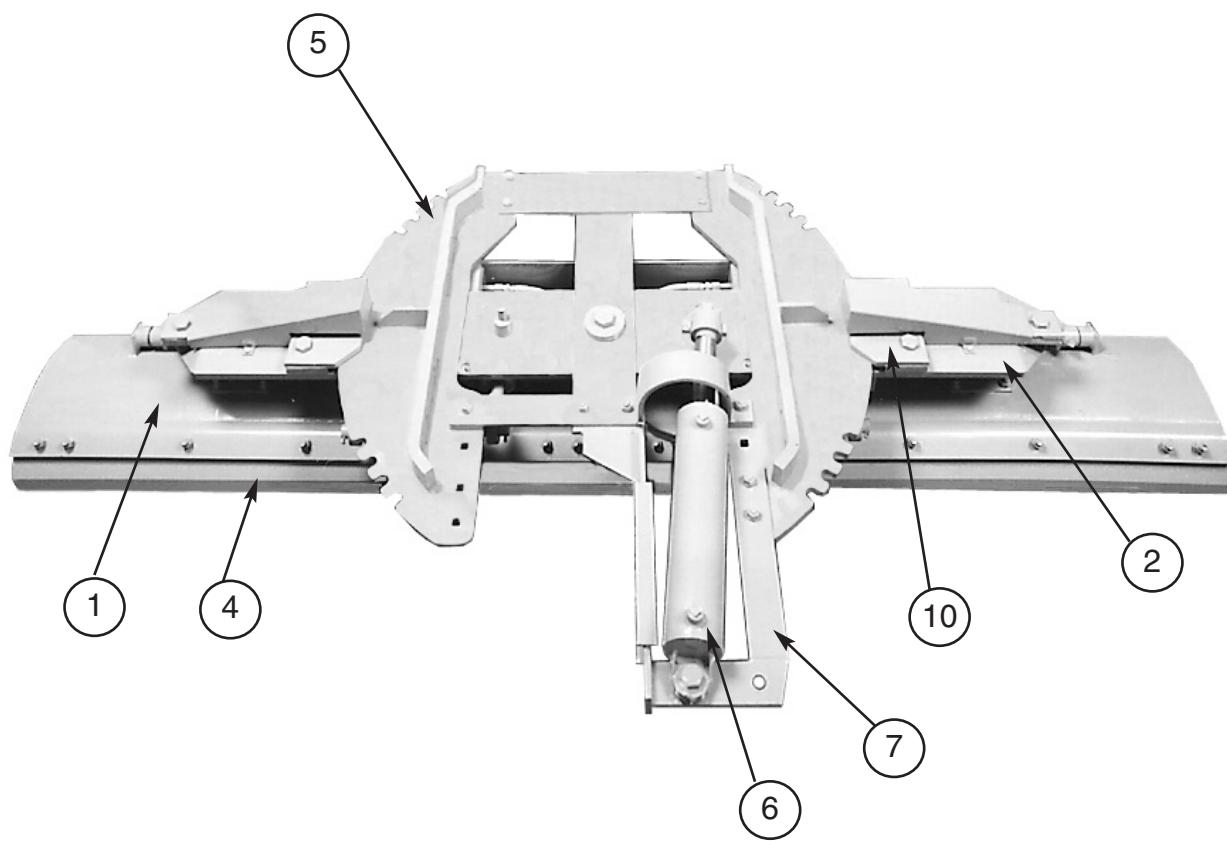

These mounting instructions are intended as a guide to aid you in the installation of your **Monroe Scraper**. All dimensions noted in the instructions are approximate and may vary due to: make and model of chassis, tire size, type of suspension, spring deflection, customer preference, and interference caused by immovable attachments such as a transfer case. Ideally, the scraper should be mounted to get full usage of the cutting edge without wearing into the moldboard. **Monroe Truck Equipment** assumes no responsibility for improper installation, unless installed at a **Monroe Truck Equipment** location. Mounting location should be discussed by the end-user and the installer prior to installation in order to achieve the best possible installation.

GENERAL INFORMATION

- Location descriptions are noted in direction of travel. (i.e. front, rear, left and right.)
- Delivery of replacement parts is subject to our sales delivery terms.
- Use only **Monroe Truck Equipment** O.E.M. replacement parts. Failure to do so will void warranty.
- Replacement parts listed in this manual reflect our most common MS44 Scraper items. If you do not find the part you require, please call your distributor.
- **Monroe Truck Equipment** reserves the right to make revisions or alterations to this parts manual.

HANGER BRACKET WELDMENT

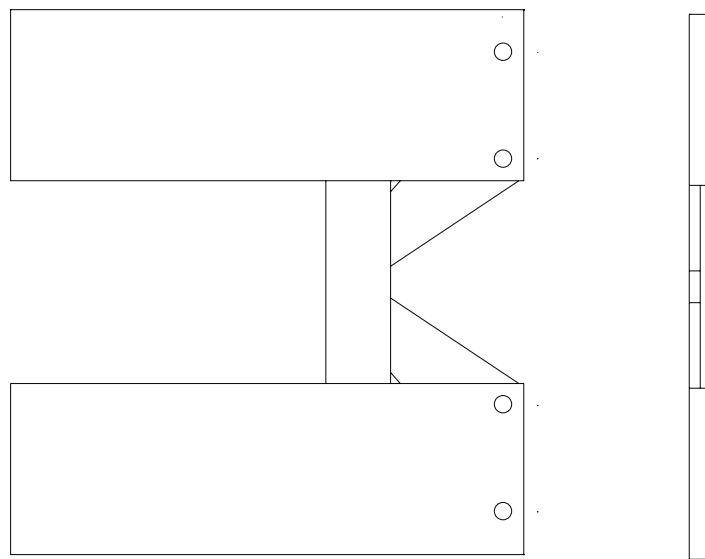

00060254 HANGER BRACKET WELDMENT, CHANNEL, 4 X 24 (2 REQUIRED)

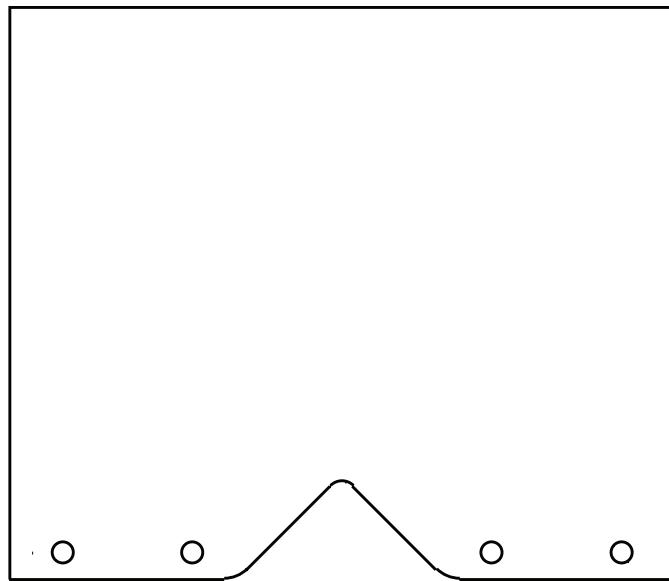

00060260 HANGER BRACKET WELDMENT, BAR, 4 X 24 (2 REQUIRED)

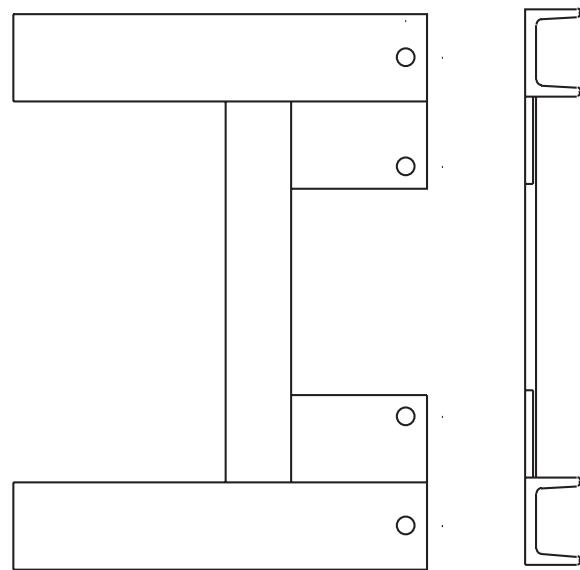

00060263 HANGER BRACKET WELDMENT, BAR, 8 X 24 (2 REQUIRED)

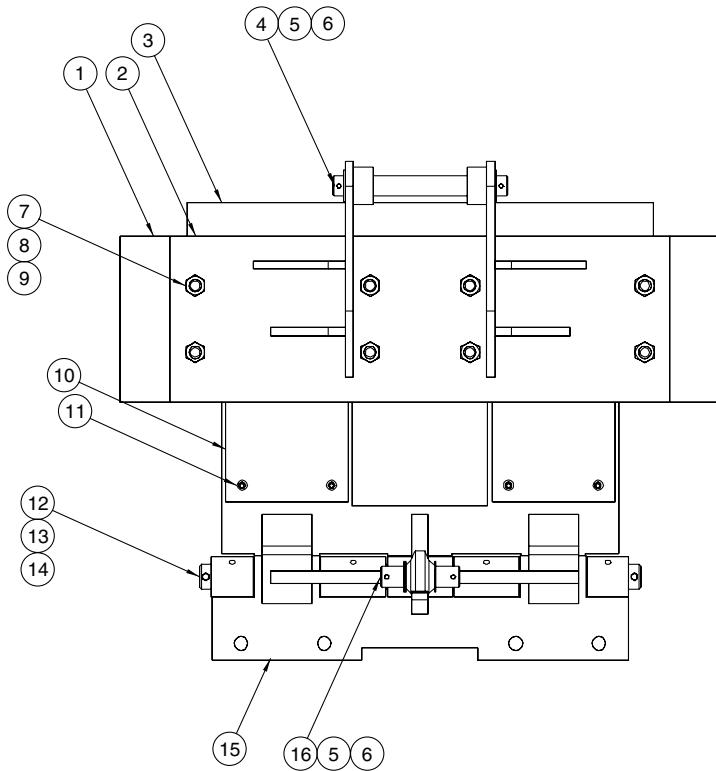

**00060870 HANGER BRACKET,PLATES, 22" (2 REQUIRED)
00011595 HANGER BRACKET, PLATES, 28" (2 REQUIRED)**

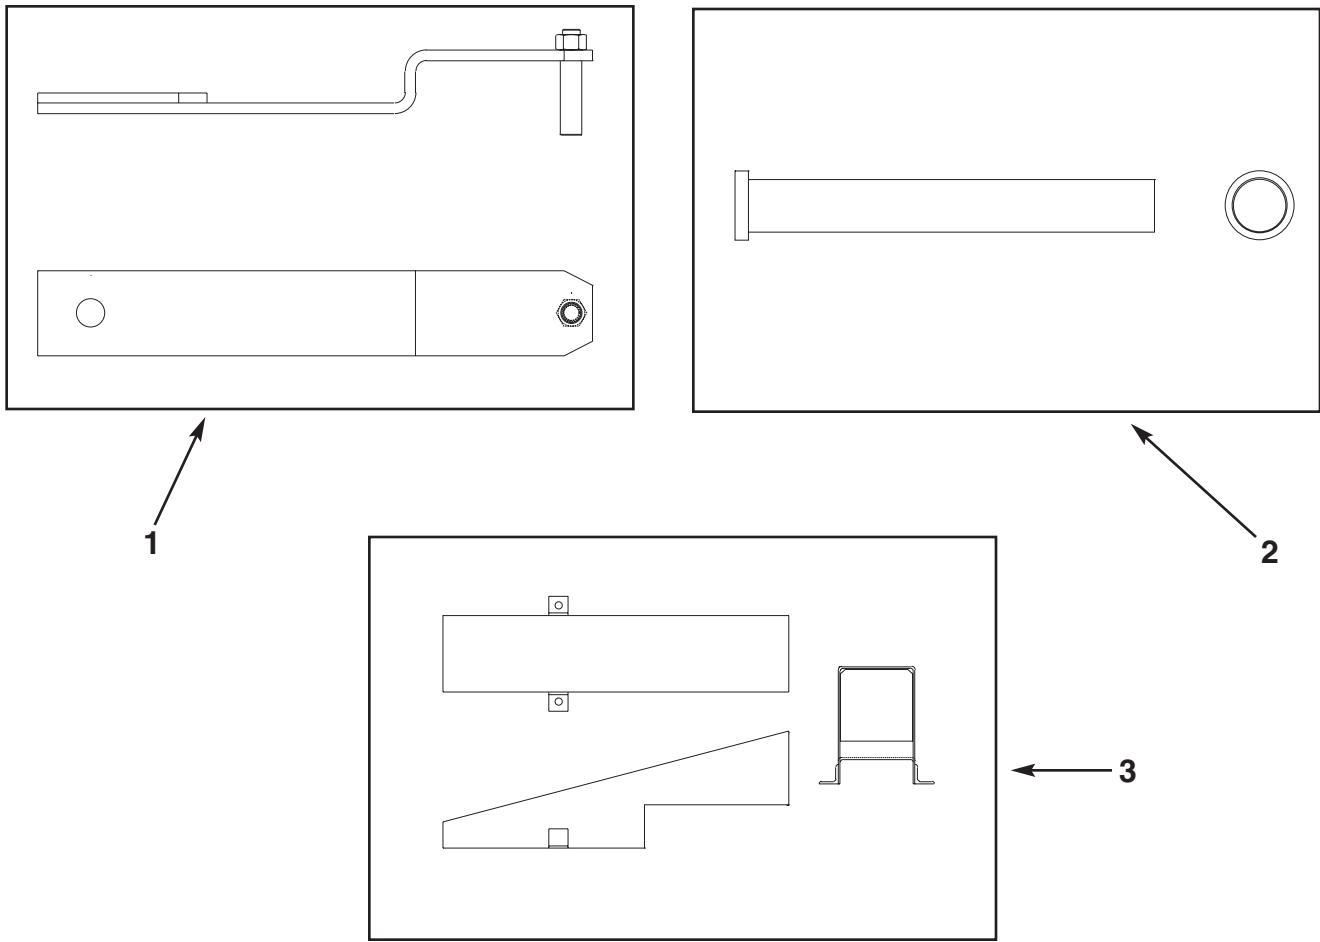

00012290 HANGER BRACKET WELDMENT, CHANNEL, 4 X 19 (2 REQUIRED)

HANGER BRACKET, ASSEMBLY, OSCILLATING SCRAPER

ITEM	QTY	PART #	DESCRIPTION
1	1	00011233	Mounting Bracket Weldment
2	1	00011228	Hanger Bracket Weldment, Outer
3	1	00011213	Side Plate Weldment
4	1	00022507	Pin, 1 $\frac{1}{4}$ DIA x 10 $\frac{1}{4}$
5	4	05022007	Pin, $\frac{1}{4}$ x 2 $\frac{1}{2}$. Cotter
6	4	05021191	Bushing, 1 $\frac{1}{8}$ OD x 1 $\frac{1}{4}$ ID
8	8	05010770	Bolt, $\frac{3}{16}$ -10 x 3 $\frac{1}{2}$, G8, HHCS, Zinc
9	8	05020271	Nut, $\frac{3}{16}$ -10, G8, Hex, Zinc
10	8	05021384	Washer, $\frac{3}{16}$, Heavy, Locking
11	4	00011221	Insert, POLY
12	24	05017027	Screw, $\frac{3}{16}$ -18 X .5, Flat Head, MACH
13	1	00011220	Pin, 1 $\frac{1}{2}$ DIA x 26 $\frac{1}{2}$
14	2	05010597	Bolt, $\frac{1}{4}$ -20 x 2, G8, HHCS, AC
15	2	05020899	Nut, $\frac{1}{4}$ -20, Top Lock, Zinc
16	1	00011223	Hinge Weldment, Oscillating Hanger Bracket
17	1	00022506	Pin, 1 $\frac{1}{4}$ DIA x 4 $\frac{1}{4}$
18	1	05002791	Cylinder, 4x4, D.A. (See page 54)
19	7	05050003	Grease Zerk, $\frac{1}{8}$ NPT, Straight
20	2	05050288	Grease Zerk, $\frac{1}{4}$ - 28, Straight

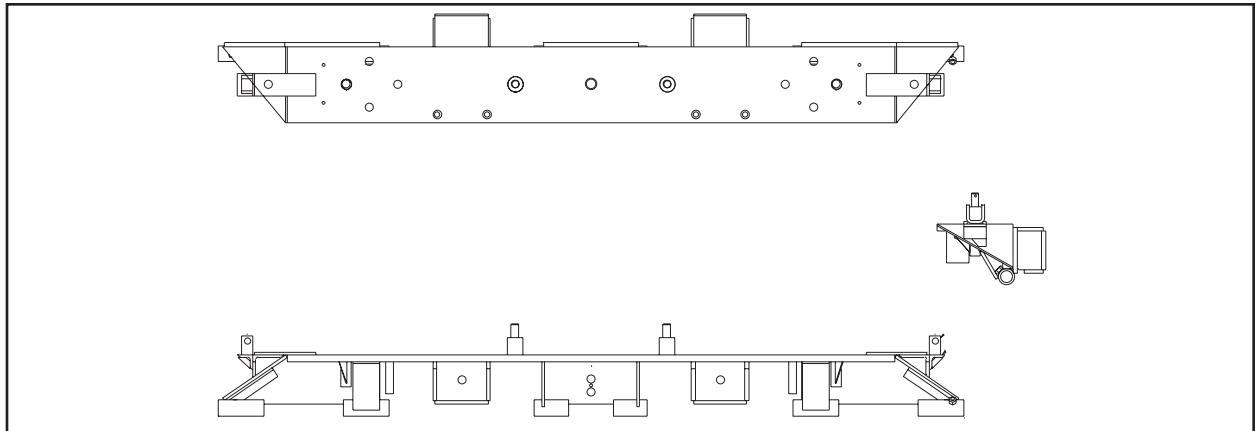

SPRING LOCK ASSEMBLY

ITEM	QTY	PART #	DESCRIPTION
1	2	00060328	Spring Weldment, 17"
2	2	00060591	Pin, 1 x 8, Push-Up
3	2	00060322	Cover Weldment, Spring Lock
4	4	05010647	Bolt, 3/16 x 2, G8, HHCS, Zinc
5	4	05020266	Nut, 3/16, G8, Hex, Zinc
6	2	05021365	Washer, 3/8, Lock, Zinc
7	2	05010812	Bolt, 1-8 2 1/2, G8, HHCS, Zinc
8	2	05020273	Nut, 1-8, G8, Hex, Zinc
9	2	05021385	Washer, 1, Heavy, Lock, Zinc

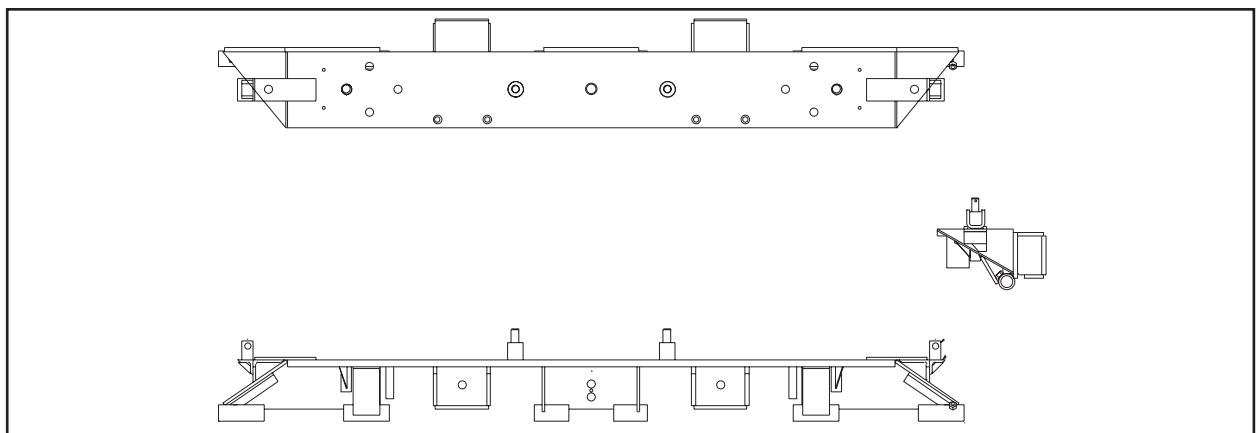

00060641 HYDRAULIC LOCK, 10',11', $\frac{3}{4}$ CIRCLE
00060915 HYDRAULIC LOCK, 10',11', 1 CIRCLE
00060643 HYDRAULIC LOCK, 12', $\frac{3}{4}$ CIRCLE
00060313 HYDRAULIC LOCK, 12', 1 CIRCLE

ITEM	QTY	PART #	DESCRIPTION
1	1	00060342	Hangerboard Mod Weldment 10' & 11' (See following page)
	1	00060345	Hangerboard Mod Weldment, 12' (See following page)
2	2	00060309	Slide Weldment, Lock, $\frac{3}{4}$ Circle (See following page)
	2	00060642	Slide Weldment, Lock, 1 Circle (See following page)
3	2	05002567	Cylinder, 2 x 2, SA, Lock, (see page 57)
4	4	05022032	Pin, $\frac{3}{4}$ x 2 $\frac{1}{4}$, Clevis, Zinc
5	4	05022021	Pin, $\frac{1}{8}$ x 1, Cotter
6	1	05037047	Adapter, STR, Swivel, $\frac{3}{8}$ -18, ORB x $\frac{3}{8}$ -18, Female
7	1	05037096	Adapter, 90° - Swivel, $\frac{3}{8}$ -18, Male x $\frac{1}{4}$ -18, Female
8	2	05037097	Adapter, 90° - Swivel, $\frac{3}{8}$ - 18, ORB x $\frac{3}{8}$ -18, Female
9	1	05037143	Valve, Shuttle, $\frac{3}{8}$ - ORB, Porting
10	1	05037158	Tee Adapter, $\frac{3}{8}$ " Female, (all 3)
11	3	05037159	Tee Adapter, Male Run $\frac{3}{8}$ " x (2) $\frac{3}{8}$ " Female
12	1	05037177	Valve, Flow Control Adjustable
13	2	05051412	Breather, $\frac{1}{4}$ ", $\frac{3}{8}$ -18 O-Ring
14	2	00060307	Clevis, Hydraulic Lock (See following page)

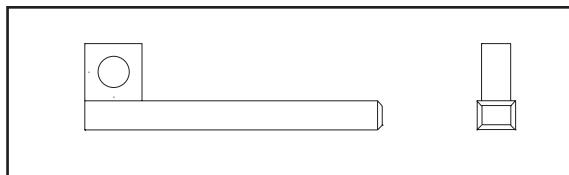

Hangerboard Mod Weldment, 10' & 11'

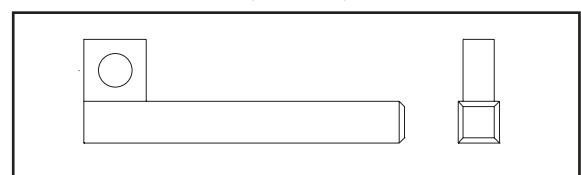

Hangerboard Mod Weldment, 12'

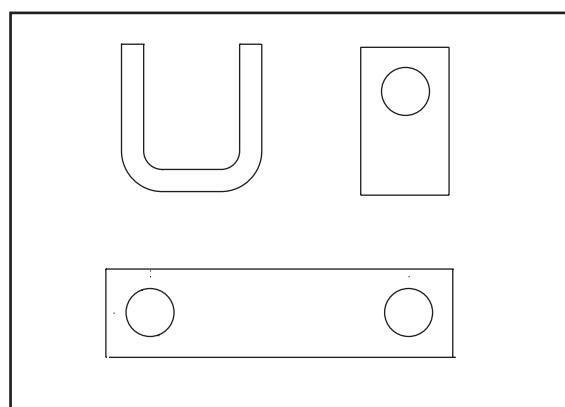

Slide Weldment, Lock, $\frac{3}{4}$ Circle

Slide Weldment, Lock, 1 Circle

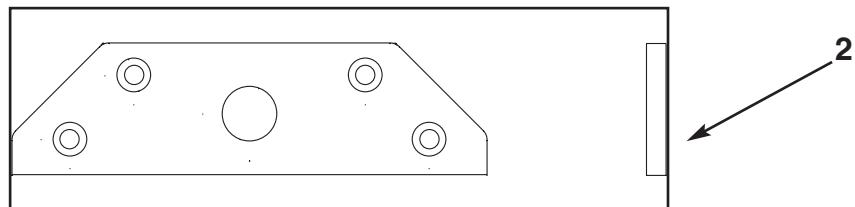

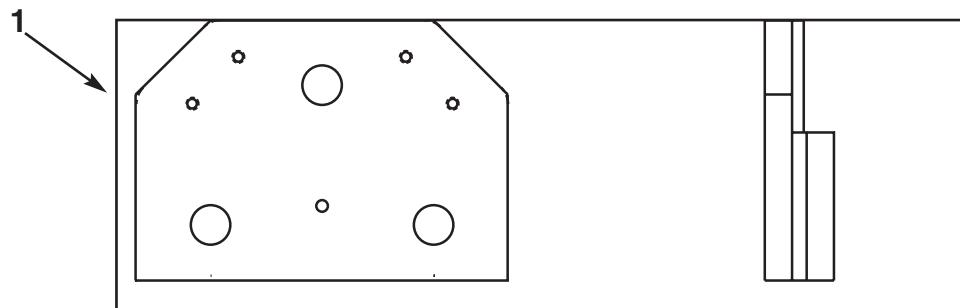

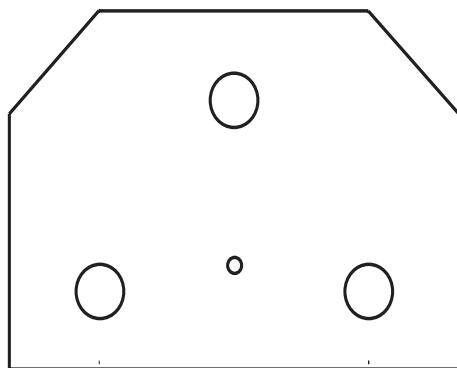

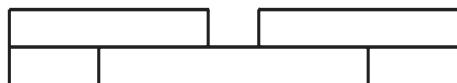

Clevis, Hydraulic Lock

HOLD DOWN ASSEMBLY

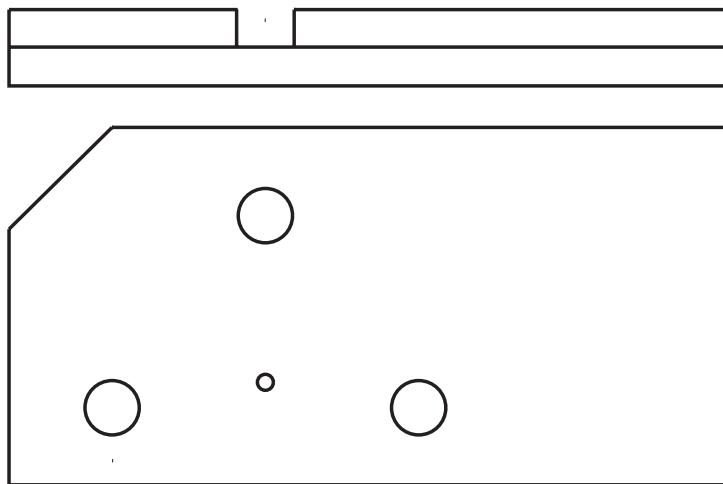

00060398 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 10, 3.0
00060399 HOLD DOWN, SCRAPER, 1 X 10, 3.0

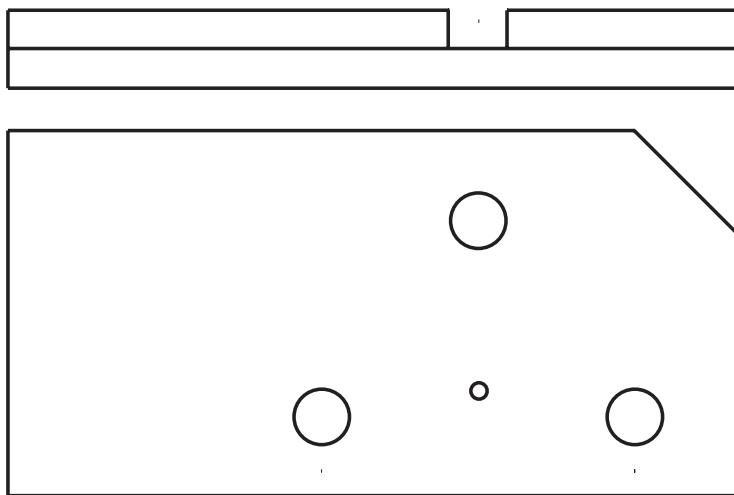

HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 10, POLY

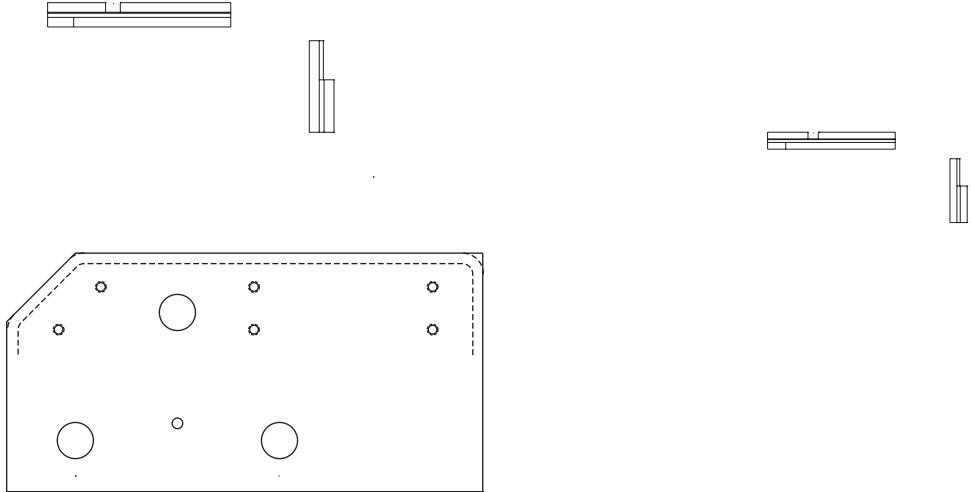

ITEM	QTY	PART #	DESCRIPTION
1	1	00060919	Hold Down, $\frac{3}{4}$ x 10
	1	00060920	Hold Down, 1x10
2	1	00060976	Insert, Poly
3	4	05016095	Screw, $\frac{5}{16}$ - 18 x $\frac{3}{4}$, Flat Head, Zinc

**00060923 HOLD DOWN SCRAPER, $\frac{3}{4}$ X 14, RH
00060925 HOLD DOWN SCRAPER, 1 X 14, RH**

**00060924 HOLD DOWN SCRAPER, $\frac{3}{4}$ X 14, LH
00060926 HOLD DOWN SCRAPER, 1 X 14, LH**

Right Shown, Left Opposite

00057948 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 14, RH, POLY

00057950 HOLD DOWN, SCRAPER, 1 X 14, RH, POLY

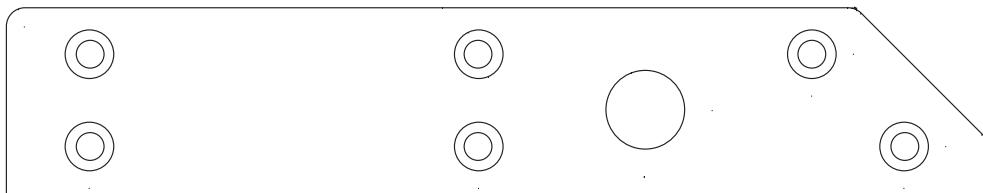

00057949 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 14, LH, POLY

00057951 HOLD DOWN, SCRAPER, 1 X 14, LH, POLY

ITEM	QTY	PART #	DESCRIPTION
1	1	00060931	Hold Down, $\frac{3}{4}$ x14, Right
	1	00060933	Hold Down, 1x14, Right
	1	00060932	Hold Down, $\frac{3}{4}$ x14, Left
	1	00060934	Hold Down, 1x14, Left
2	1	00060972	Insert, RH, Poly (See below)
	1	00060973	Insert, LH, Poly (See below)
3	6	05016095	Screw, $\frac{5}{16}$ -18x $\frac{3}{4}$, Flat Head, Zinc

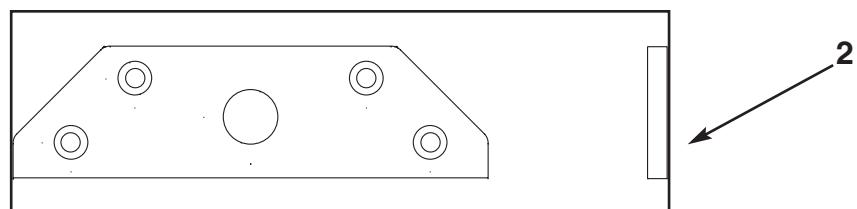

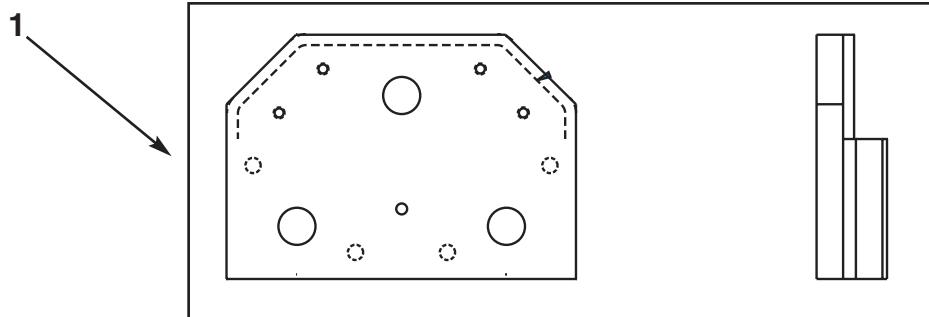

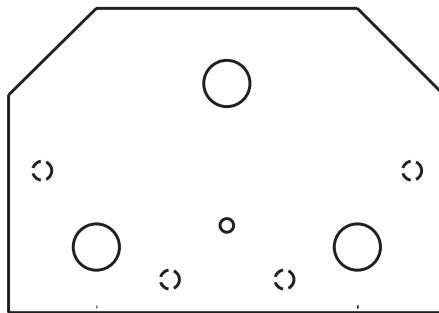

00060972 INSERT, RH, POLY (SHOWN)

00060973 INSERT, LH, POLY (OPPOSITE)

Note: When replacing polymer inserts, it is recommended that both left and right inserts be replaced at the same time.

**00060073 HOLD DOWN SCRAPER, $\frac{3}{4}$ X 10, 6.0
00060074 HOLD DOWN SCRAPER, 1 X 10, 6.0**

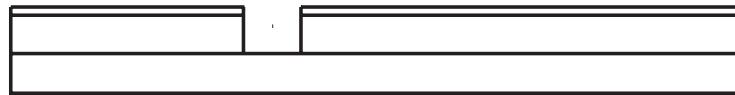

**00057946 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 10
00057947 HOLD DOWN, SCRAPER, 1 X 10**

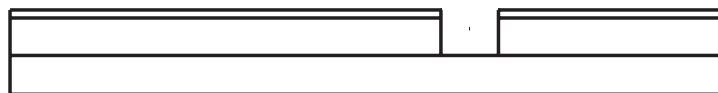

ITEM	QTY	PART #	DESCRIPTION
1	1	00060921	Hold Down, $\frac{3}{4}$ x10
	1	00060922	Hold Down, 1x10
2	1	00060976	Insert, Poly
3	4	05016095	Screw, $\frac{5}{16}$ -18x $\frac{3}{4}$, Flat Head, Zinc (not shown)

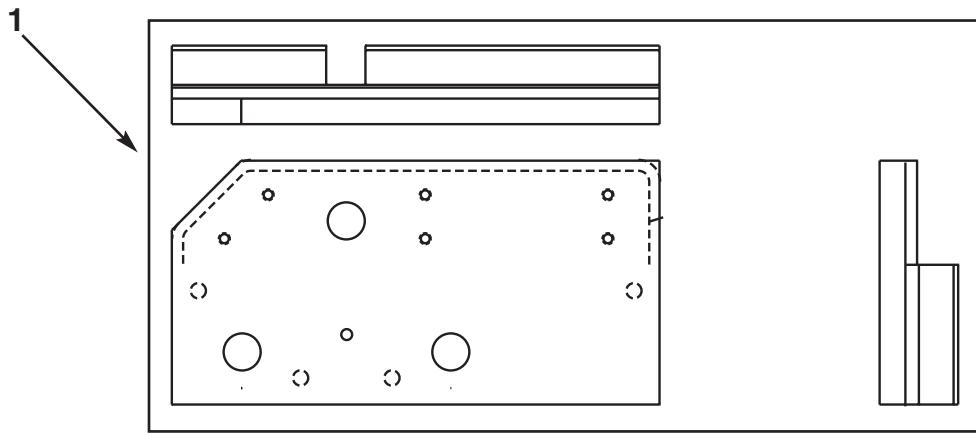

Note: When replacing polymer inserts, it is recommended that both left and right inserts be replaced at the same time.

**00060927 HOLD DOWN SCRAPER, $\frac{3}{4}$ X 14, RH
00060929 HOLD DOWN SCRAPER, 1 X 14,RH**

**00060928 HOLD DOWN SCRAPER, $\frac{3}{4}$ X 14, LH
00060930 HOLD DOWN SCRAPER, 1 X 14,LH**

00057952 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 14, RH, POLY

00057954 HOLD DOWN, SCRAPER, 1 X 14, RH, POLY

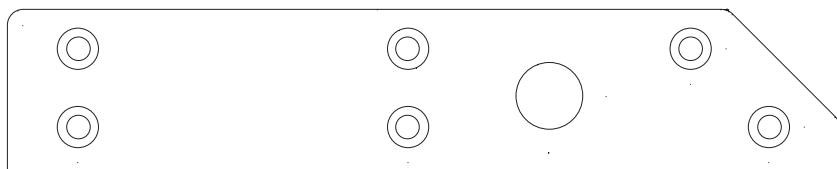

00057953 HOLD DOWN, SCRAPER, $\frac{3}{4}$ X 14, LH, POLY

00057955 HOLD DOWN, SCRAPER, 1 X 14, LH, POLY

ITEM	QTY	PART #	DESCRIPTION
1	1	00060935	Hold Down, $\frac{3}{4}$ x14, RH
	1	00060937	Hold Down, 1x14, RH
	1	00060936	Hold Down, $\frac{3}{4}$ x14, LH
	1	00060938	Hold Down, 1x14, LH
2	1	00060972	Insert, RH, Poly (See below)
	1	00060973	Insert, LH, Poly (See below)
3	6	05016095	Screw, $\frac{5}{16}$ -18x $\frac{3}{8}$, Flat Head, Zinc (not shown)

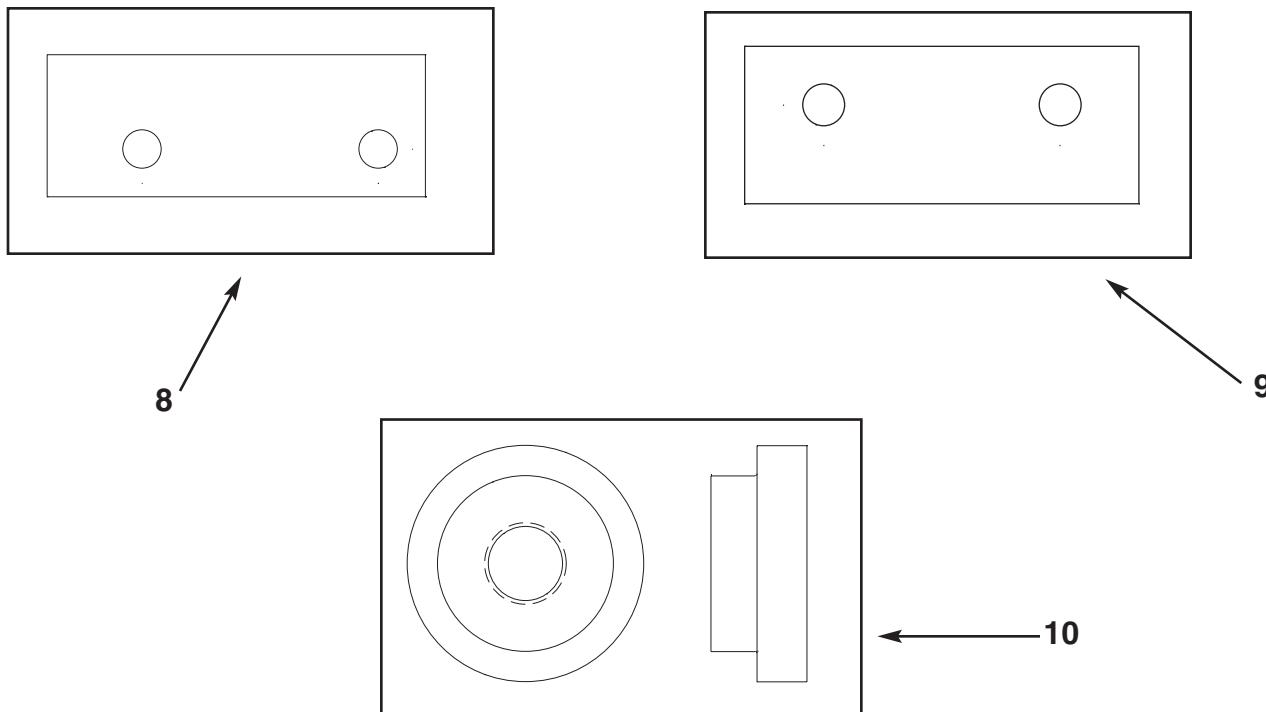

00060972 INSERT, RH, POLY (SHOWN)

00060973 INSERT, LH, POLY (OPPOSITE)

Note: When replacing polymer inserts, it is recommended that both left and right inserts be replaced at the same time.

Mounting Kits

00045869 MOUNTING KIT, SCRAPER ½, MANUAL REVERSE, MANUAL LOCK

05037005 CUSHION VALVE (OPTIONAL)

Down pressure relief is required on all Monroe underbody scrapers. A 500PSI relief can be incorporated into the truck hydraulic system or a down pressure relief valve can be purchased with the underbody scraper. The relief valve must be installed to prevent premature failure of the actuating cylinders and/or the underbody scraper.

HOW TO ORDER PARTS

To order or inquire about replacement parts, please contact the **distributor** or **store** that the product was purchased through. To speed the information flow, please have the following information ready:

- Model Number
- Serial Number
- Part Number and/or description as per the parts manual
- Quantity needed

For further information about **Monroe Truck Equipment** replacement parts, please call 800-880-0109 and ask for **Snow & Ice Parts Sales**.

RETURN POLICY

Merchandise returned to **Monroe Truck Equipment** must have a Warranty Service Request (WSR) form filled out completely and signed by authorized personnel. To get your WSR form, call 800-880-0109. For whole goods ask for **Snow & Ice Sales**. For replacement parts, ask for **Snow & Ice Parts Sales**. All returned items are subject to a 15% restocking fee and must be sent freight prepaid!

MONROE TRUCK EQUIPMENT, INC. WARRANTY SNOW & ICE CONTROL PRODUCTS

Monroe Truck Equipment, Inc. warrants to the original purchaser, that if any part of the product proves to be defective in workmanship or material within **ONE YEAR** of the original installation, and is returned to us within 30 days of the discovered defect, we will (at our option) repair or replace the defective part. This warranty does not apply to damage resulting from misuse, neglect, accident, improper installation, normal wear items or lack of maintenance. This warranty is exclusive and supersedes all other warranties, whether expressed or implied. **Monroe Truck Equipment, Inc.** neither assumes, nor authorizes anyone to assume for it, any other obligation or liability in connection with this warranty and will not be liable for consequential damages.

All engines, pumps, motors, cylinders and valves are warranted by their manufacturer and not by **Monroe Truck Equipment, Inc.**. The manufacturer's warranty will apply to these parts. Electrical and hydraulic components are not to be disassembled without the express written permission of Monroe Truck Equipment. Use of replacement parts other than original equipment voids this warranty.

All defective parts returned must be accompanied by the model number, serial number, date installed, date of defect, description of defect, and the name of the distributor from whom it was purchased. All warranty claims must have prior written approval from **Monroe Truck Equipment, Inc.**.

Please return the warranty registration card that accompanies this manual to confirm receipt of this parts catalog and acknowledge the information contained within. Failure to return the attached card may result in a voided warranty.

Warranty Policy

Uninstalled Parts and Equipment Provided by Monroe Truck Equipment

Monroe Truck Equipment will provide the following limited warranty for a period of one year to the original purchaser of all uninstalled goods provided by Monroe Truck Equipment:

LIMITED WARRANTY: All goods provided by Monroe Truck Equipment (MTE) will be free from defects in material and workmanship for a period of one year from the date of purchase by the original purchaser. This limited warranty shall be the sole and exclusive remedy for any such product found to be defective. This limited warranty supercedes all previous warranties and is exclusive and in lieu of all other warranties, whether expressed or implied.

This limited warranty applies only to parts or accessories manufactured by MTE and/or provided by same. Except with respect to title, this limited warranty does not pertain to parts or accessories not manufactured and/or provided by MTE, regardless of whether such parts or accessories were selected and/or recommended by MTE. MTE will, as a service to the buyer, pass on any warranties received from the original manufacturer of MTE provided parts and/or accessories.

MTE will not under any circumstances be liable for any incidental or consequential damages whether in tort, contract, or otherwise, for any bodily injury, death, property damage, loss of use, or loss of income resulting from or in any way arising out of any goods provided by MTE, or their sale, use, or manufacture.

Any warranty claim deemed to be arising from the result of misuse, abuse, neglect, accident, improper installation, lack of maintenance, act of war (whether declared or otherwise), or act of God will be denied. Any repair or modification by the buyer or any third party, without the prior written consent of MTE, will void any possible warranty compensation. Any damage deemed to be the result of abnormal operation will not be compensated by this warranty.

Normal or special maintenance items such as fuels, fluids, tires, belts, hoses, filters, air cleaners, light bulbs, and any other items subject to normal wear and tear that are supplied in connection with goods provided by MTE are not allowed under this warranty.

All engines, pumps, cylinders, valves, and motors are warranted by their manufacturer and not by Monroe Truck Equipment. The manufacturer's warranty will apply to these parts. Electrical and hydraulic components are not to be disassembled without the express written consent of MTE. Any disassembly of MTE provided components without prior authorization will void the applicable warranty.

Monroe Truck Equipment shall be the sole and final determining authority as it applies to the administration of this warranty policy. Purchaser acknowledges receipt of Monroe Truck Equipment Warranty Policy and agrees to be bound by same.

GLOBAL SOLUTIONS
ARMORED VEHICLES ~ SPORT TRUCK CONVERSIONS
MUNICIPAL SNOW & ICE CONTROL ~ FIRE APPARATUS
PICKUP TRUCK ACCESSORIES ~ TRUCK EQUIPMENT/MODIFICATIONS

1051 West 7th Street
Monroe, WI 53566
608-328-8127 ~ Fax: 608-328-4278

Any and all warranty claims must be forwarded to MTE within 10 days of defect discovery. A copy of the original Monroe Truck Equipment invoice as well as the manufacturer's model number, serial number, and date of installation must accompany all correspondence regarding said claims. MTE will, at their option, choose whether to repair or replace the defective part unless otherwise specified by the original manufacturer of said part.

Procedures for Warranty Claims Notification

For submission of any warranty claim please contact Monroe Truck Equipment – Warranty Department at 800-356-8134

The following documentation will be needed when you call for initial warranty authorization:

1. A copy of the original MTE invoice.
2. Make, Model, and VIN or Serial Number of the equipment involved.
3. Part number and serial number of the part in question.
4. A complete description of the problem.

The following must accompany any claim submitted to Monroe Truck Equipment:

1. Documented photographs of any physical damage.
2. Inspection notes by MTE personnel or MTE authorized 3rd party.
3. Authorization number issued by Monroe Truck Equipment – Warranty Department.

Defective parts must be returned to Monroe Truck Equipment (freight prepaid) within 30 days of issuance of Authorization Number.

Monroe Truck Equipment reserves the right to void any warranty for failure to comply with Monroe Truck Equipment Warranty Policy.

This policy is effective October 11, 2012
